## Statewide reading challenge has begun

AUSTIN - The Texas Center for the Book and the Texas State Library and Archives Commission (TSLAC) invite Texans of all ages to participate in the statewide Texas America250 Reading Challenge, which launched Jan. 1 and continues through the end of the year.

From Jan. 1 to Dec. 31, 2026, Texans are invited to log 2,500 minutes (41.6 hours) of reading, state parks visits and/or service activity as part of the national America250 America Gives initiative, in honor of our nation's 250th anniversary.

Upon completion of the Reading Challenge, participants are eligible to receive a special certificate signed by Governor Abbott from their public or school librarian. Librarians are invited to register using the QR code (certificate) to gain access to an online portal where they can print the certificates. Participants can log their time:

- Reading books and/or listening to audiobooks.

The Texas Center for the

Book especially encourages reading about Texas and American history, as well as Texas and American nature, wildlife and space exploration topics.

- Attending library storytimes or other library events.
- Volunteering in their local communities.
- Visiting a Texas State Park.

The Texas America250 Reading Challenge is self-reported. Participants can track their time using the "Mosey along the reading trail" Reading Log Map, or with their own reading log or other method. Reading logs do not need to be submitted to TSLAC. These and many more resources are available at the Texas State Library website, using the QR code provided below, or searching texasamerica250.com.

Showing support for family member Kim Harris' campaign at the GOP's Candidate Meet & Greet, husband Matt Harris convinced precious grandson Charlie Harris to pose for a photo. We are informed that Charlie's brother Hank is the shy guy and declined to join his brother in this endeavor.

It was good to see Winn Skidmore and friend Toby Wilburn at the GOP's Candidate Meet & Greet last week. Winn had a little mishap back in September and she's doing well with her new bionic arm.
